

# BIG GAME PRE-SERVE IN GREEN TOWNSHIP

OVER THREE THOUSAND ACRES WILL CONSTITUTE ONE OF THE LARGEST TRACTS FOR PURPOSE IN INDIANA.

## 32 FARMERS SIGN

OPPORTUNITY OF MARSHALL COUNTY PRESERVE WAS OFFERED TO LOCAL CITIZENS WHO FAILED TO TAKE IT.

All arrangements have been completed for the establishment of the Marshall county game preserve, which will be located in the south central portion of Green township. Thirty-two farmers, representing 3000 acres of land, have banded together and by signing documents supplied by the state game commissioner, in which absolute protection for the game birds is promised, the game preserve has been secured for that part of the county.

The boundary of the Marshall County Game preserve, is as follows: Beginning at the North school house, in the south central portion of Green township, thence two miles west, thence two miles north, thence two miles east, and thence two miles south back to the school house. In other words the preserve will consist of four square miles of land, lying directly northwest of the North school house.

The total number of acres represented by the signers is 2560, but enough land along the border lines named had been assigned by owners, to make the total acreage of the preserve over three thousand.

**Will Receive Partridges**  
All of the negotiations for the establishment of the game preserve, have been conducted between the farmers of Green township, and Geo. W. Miles of Indianapolis, State Fish and Game Commissioner. The state of Indiana has been purchasing great quantities of Hungarian partridges, which are being liberated in game preserves, similar to the one being established in Green township. The location must be favorable to the life of the birds, and absolute protection for a period of four years, must be promised by owners of land which comprises the preserve. Members of the Marshall county Fish and Game Protective Ass'n., which starts with the membership of thirty-two Green township farmers, who own or occupy the land of the preserve, were told by the game officer, that twenty pairs of Hungarian partridges would be liberated on the preserve next spring. The partridges cost the state \$5.00 a pair, and although the number seems small, it will be added to from time to time, as more of the foreign game birds are secured by the state. A telephone message from Green township Wednesday conveyed the information, that a communication had been just received, which bore the news from Commissioner Miles, that it was possible that no birds could be secured this spring, but as soon as they are obtained, they will be placed on the various preserves, and divided evenly among the various preserves. It was suggested that a greater number may be liberated, than designated at first.

**Member of Association**  
The following are the names of Green township farmers, who own or occupy the land which constitutes the Marshall county Preserve, and who have promised protection to the game birds:  
E. T. Robinson, A. L. Kelsey, G. W. Riddle, A. R. Spencer, C. A. Grossman, Jno. Cooper, Geo. Covert, Ed. Dreese, Jas. Marshman, Omer Long, J. L. See, Wm. Morris, J. M. Romig, G. R. Myers, O. J. Newhouse, Jno. Siple, Jos. Mario, Lewis Mario, Jno. W. Price, A. T. Slayter, of Johnson Estate, Geo. E. Truex, Joseph Morrow, Harry A. Gillon, C. W. Edinger, M. L. Dyke, Jacob Voreis, Wm. Alleman, Nathan Yearick, C. W. Williams, C. Marshman, J. H. Gabbey.

**Plymouth Loses by Apathy**  
It was at first proposed to located the preserve near Plymouth. Two sites were considered—the tract of land lying northeast of the fair grounds, and another on the west side of Pretty lake. Plymouth lost the preserve by apathy, and Green township farmers secured it by vigilance. It will be remembered that late last fall, Commissioner George W. Miles came to Plymouth, and addressed a number of local huntersmen, and game conservativists, concerning the establishment of a fish hatchery in Pretty lake, and a game preserve north of the city. The meeting was held in the office of Dr. Burkett, and was well attended by interested parties. The

plans suggested by the commissioner, regarding the protection of game birds, etc., until given time to multiply, and become acclimated to this country, met with the hearty favor of a large number of citizens. The idea of a game preserve became a current topic for a couple of weeks, but no action was attempted toward the positive location of the preserve. Meanwhile the farmers of Green township became interested, and took active steps toward securing the preserve, with favorable results. Plymouth might have been similarly favored, had proper action been taken.

**Will Erect Signs.**  
The farmers who reside on the Green township preserve, will begin the erection of signs, designating the boundary of the preserve, at once. The tenants will be allowed to hunt rabbits and squirrels in the preserve. Quails, grouse, and all other game birds will be afforded the same protection as the partridges, when they are liberated. The farmers in Marshall county, are beginning to realize the economic importance, and value of game birds, to their fruit trees, and crops, and the action for the game preserve is prompted by that intelligence, perhaps more than to produce birds, as game.

The first installment of Taxes (including Road Tax) must be paid on or before the First Monday in May, or the taxes for the whole year will become delinquent and subject to 10 per cent. penalty. The second installment must be paid on or before the First Monday in November following. But any taxpayer may pay the full amount of such taxes on or before the first Monday in May, 1911.

Assignees, Guardians, Administrators, and others who pay taxes on property in trust, and persons whose taxes are complicated, such as undivided estates, etc., are earnestly requested to settle such taxes before the last few days, as it requires considerable time to make divisions and separate receipts therefor. As THE TREASURER CANNOT KNOW THE LOCATION OF EACH PERSON'S PROPERTY, TAXPAYERS SHOULD DESIGNATE THE PROPERTY ON WHICH THEY WISH TO PAY TAXES, AND SEE THAT ALL PROPERTY IS SPECIFIED IN THEIR RECEIPTS. If they have land in more than one township or town, or desire to pay taxes on lands not in their names, call the Treasurer's attention to the matter.

**ROAD RECEIPTS WILL NOT BE RECEIVED AFTER THE FIRST MONDAY IN MAY, EXCEPT ON DELINQUENT TAXES.**

Carefully examine the receipts before leaving the office, and if anything is wrong, have the correction made at once.

The Treasurer will not be responsible for the penalty and charges on delinquent taxes resulting from any omission of the person failing to state definitely on what property, in whose name, and in what township or corporation it is assessed. Persons owing delinquent taxes should pay them at once. The present law is of such a character that there is no option left the Treasurer but to enforce the collection of delinquent taxes by the sale of property, if necessary.

"The owner of property on the First day of March of any year shall be liable for the taxes of that year; the purchaser of the property on the First day of March in any year shall be considered the owner on that day."—Section 103.

Call on the Auditor for irregularities in taxes or for reductions to be made. The Treasurer cannot make such reductions. Taxpayers will find it greatly to their advantage to call at the Treasurer's office and get a memorandum of the amount due from them for taxes. County orders cannot be paid to parties owing delinquent taxes. All persons are warned against buying them.

**THE ANNUAL SALE OF DELINQUENT LANDS AND LOTS WILL TAKE PLACE THE SECOND MONDAY IN FEBRUARY, 1911.**

I would especially urge upon taxpayers the importance of paying early and avoiding the rush of the last few days.

FRED. H. MYERS,  
Treasurer of Marshall County, Indiana
